Dollar.

William Jennings Bryan in the July Arena: We hear much about a "stable currency" and "an honest dollar." It is a significant fact that those who advocate a single gold standard have for the most part avoided a discussion of the cheet of an appreciating standard. They take it for granted that a gold standard is not only an homest standard, but the only stable standard. I denounce that child of ignorance and warter, the said dollar under a universal gold standard, as the most diversely definition of the cheet of the consolation which was to fine few examplers and her belief in and devotion to Curlst always scaddast. They have been unable to find it of their own wisdom. Joseph Smitts gave have been unable to find it of their own wisdom. Joseph Smitts gave have been unable to find it of their own wisdom. Joseph Smitts gave the nest comprehensive definition of truth when he said that it is the knowledge of things as they will be. In the extension only when I assert that there is not and paver has been an homest dollar. An honest dollar is a dollar absolutely stable in relation to all other things as they will be. In the extension of the consolation with the found in the fact that her life had been exemplary and her belief in and devotion to Curlst always scaddast. The search of pallors phase should have the fact that the life had been consolation with the found in the fact that the life had been exemplary and her belief in and devotion to Curlst always scaddast. The search of pallors of the found in the fact that her life had been exemplary and her belief in and devotion to Curlst always scaddast.

I they have been unable to find it of their own wisdom. Joseph Smitts gave they are as they
